

## Class Teacher (Primary)

Primary teachers at Leigh Academies Trust are dedicated to fostering a lifelong love of learning in young children. They create stimulating and nurturing classrooms where every child feels valued, safe, and inspired to reach their full potential. These teachers deliver engaging, well-planned lessons, adapt their teaching to meet individual needs, and use assessment to inform instruction, ensuring that all pupils make excellent progress. Beyond the classroom, they build strong relationships with families, contribute to the wider life of the academy, and uphold the highest standards of professional conduct, serving as role models for their pupils.

### Core Purpose

The core purpose of a primary teacher is to ensure the learning, happiness, and success of each child are central to everything they do. Teachers are responsible for providing high-quality teaching that helps all children make good progress and behave well in the classroom and around the school. This involves creating a welcoming and safe space where children feel supported and encouraged to learn and challenge themselves. Teachers plan their lessons carefully, using what they know about how each child is doing to help them learn best. They make sure their teaching fits the different ways children learn and help everyone to make great progress. Teachers also show children how to be good learners by being good role models, having high expectations for how they act, and encouraging them to always try their best with their reading and writing. They help children manage their behaviour in positive ways, work with other teachers to plan what is taught, talk to families about how children are doing, and get involved in the wider life of the school. Importantly, teachers are always learning and finding ways to improve so they can continue to help every child succeed in a school that values ambition, honesty, and everyone belonging.

## Safeguarding of students and Duty of care

All staff, regardless of role, level of seniority and location, have a responsibility to ensure the highest levels of safeguarding and promoting the welfare of our pupils, and we expect all our staff and volunteers to share this commitment. We must collectively create an environment where children feel safe to learn, play, and grow. Children should feel comfortable in their surroundings and know that they can approach any responsible adult with any problems or concerns.

All staff must be able to identify any children who are at risk of harm, and know the characteristics of abuse or neglect. If you suspect or confirm harm then it's essential you know what actions to take.

Annual safeguarding training is offered to all staff at Leigh Academies Trust, and it is the staff member's responsibility to be aware of the most up to date guidance documented in the [Keeping Children Safe in Education document](#) ([Department of Education](#)).
